

*Immersion Day - Where does our food come from?*

*Last week, Year 4 celebrated the start of the new topic 'Where does our Food come from?' with an immersion day all about our own culture. We all came in wearing clothes from our own cultures, spent the day learning about different cultures and ended with a picnic in the playground enjoying foods from all around the world. We worked in small groups to try to guess where the food had come from. It was a great day!*
