

R.E

How do you live well with family and friends?

Special Symbols and Objects
How to develop their own sense of identity. The idea of forgiveness and how religious traditions can help to bind people & families, reflecting on how stories can help us to think about our own identity & relationships. Customs & traditions in our own families.

Computing

Digital Literacy: We will explore E-safety and how we can keep personal information private.
Creating E-safety posters.

Information Technology: Making digital content. Music Creation.

PSHE

Media literacy and digital resilience
Using the internet and digital devices; communicating online
(Link to computing)

Money and work: strengths and interests; jobs in the community.

Literacy

We will be exploring The Little Red Hen and story writing. Learning how to write a familiar story and changing a familiar story with our own ideas.
Beginning to introduce dialogue.
Focus: Capital letters and full stops.

Science

Our unit is all about plants. We will learn about the best environment for a plant to grow and have a go at planting some seeds.

We will celebrate Mad Scientist day this term with lots of fun experiments.

Project based learning

This term we have a history focus for PBL. We are exploring significant people in History such as Florence Nightingale and Mary Seacole and their impact on nursing. We will also compare this to nursing today.

We will have a Significant person celebration day where we dress up as someone we think is important.

P.E

Games

Music
