- 2. I can prioritise rules and laws in order of importance.**

DESERT ISLAND

- **By the end of this lesson you will have learnt the importance of rules and the reasons for having them.**

STARTER:

Brainstorm: Why do you think rules exist? Why is it important for us to have rules?

WHY ARE RULES IMPORTANT?

- Most rules exist to keep people like you and me **SAFE**.
- We have classroom rules, so we know what is expected of our behavior.
- Rules help people like you and me live and work in a harmonious environment.

Some ideas
to help you.

DESERT ISLAND

Now that you have set up on your island, you will need some **RULES** to live by.

All rules come with **CONSEQUENCES** if you break them.
For each of the rules that you have come up with, decide on an appropriate punishment for breaking that rule.

TASK:

- On the next three slides, you have three headings:
 1. Personal Safety
 2. Protecting possessions
 3. Rights

Your task is to come up with three rules for each headings and three consequences for each heading.

If you have a printer, you can print out the next three slides. If not copy out the three tables, make sure you include your heading for each table.

Once you have completed the task, take a picture and upload it to **class dojos** 😊
